2200 Churchill Road
Post Office Box 19276
Springfield, Illinois 62794-9276

Subject: Cottage Grove Landfill
Cook County 0310690005
Compliance

Dear Mr. Rogers:

In compliance with your letter of April 20, 1990 in regard to the water samples from the monitoring wells at the subject site, this letter is to inform you that the original monitoring wells have been destroyed during construction of the landfill, but three (3) new wells are presently being constructed and will be completed by May 15, 1990.

We hope to send you the analysis of the water from the three (3) new wells by approximately June 1, 1990.

Very truly yours,

H. C. Porter
Engineer for Louis Meneghin
